TRIPSPACE
LONDON

# TripSpace seeks new strategic and creative partners to invest in our next chapter.

***This could be an opportunity to join Montse and Giuliana*** within the **TripSpace Management Team**, collaborate as an individual or collective partner, or explore constructive opportunities to help guide TripSpace into its next chapter after 13 years of community-led practice, movement, and creativity.

***The health, wellbeing, and movement industry*** continues to grow rapidly across the UK and Europe, with increasing demand for spaces that nurture both physical practice and meaningful human connection.

**TRIPSPACE** represents a distinctive presence within this landscape — an independent London-based studio dedicated to yoga, dance, and movement, offering weekly classes, professional training programmes, curated workshops, and the early development of an integrated physiotherapy service.

Nestled beneath the railway arches of ***East London***, the studio combines a large and versatile space with a loyal and engaged community, serving both the general public and a strong network of professional dancers, movement artists, and yoga practitioners.

With an established reputation and clear potential for growth, **TRIPSPACE** offers not simply a business opportunity, but a platform for creativity, wellbeing, collaboration, and lasting community impact.

## A NEW CHAPTER

***TRIPSPACE is inviting strategic and creative collaborators*** to help steer one of London most respected independent studios into its next decade. Supported by a loyal, long-standing community, the studio delivers a consistent schedule of weekly classes, weekend workshops, and a recognised yoga teacher training.

With a strong reputation across both the professional dance and yoga sectors, there is clear scope to grow revenue, broaden programming, increase occupancy and maximise use of currently underutilised time slots.

## THE BACKGROUND

***Founded in 2013,*** TRIPSPACE has built a **respected brand and trusted community hub** for movement practitioners and artists. The studio has a strong grassroots presence, with bookings driven through its own platform, word of mouth, and a dedicated client base.

***Created by two former professional dancers,*** the space has always been rooted in **community, creativity, and wellbeing**. After years of building and sustaining the studio with care and passion, the founders are now exploring new directions, opening the door for fresh leadership and vision.

## COLLABORATION & GROWTH

Montse and Giuliana are seeking partners (and visionaries) who share their passion for movement to join the management team or invest in the studio evolution.

- ***Established brand and identity.***
- ***Existing client base and mailing list.***
- ***Website and booking systems.***
- ***Ongoing programme structure.***
- ***Lease agreement on a spacious, well-located studio.***

This is an opportunity to help lead and evolve a fully operational community hub with deep-rooted foundations and immediate potential.

## STRENGTHS & FUTURE POTENTIAL

Prime London location with a large, versatile studio space — an uncommon asset in the area.

Established reputation as a hub for professional dancers and dedicated yoga practitioners.

Diverse, multi-revenue offering spanning yoga, dance, workshops, teacher training, and weekly physiotherapy clinic sessions.

Clear scope to expand into new markets, including corporate wellbeing, retreats, bodywork and therapeutic services, and community-led programmes.

Strong potential to increase profitability through strategic programming, targeted upselling, and collaborative partnerships.

## CONTACT

For further information, expressions of interest, or to arrange a conversation please contact our retained advisor who will respond to all enquiries within 24 hours:

**Michael Shaw** > **michael@michael-shaw.co.uk** > **www.michael-shaw.co.uk** > +44 7875 697356

Or email **Giuliana** and **Montse** directly at: **hello@tripspace.co.uk**

We would be delighted to discuss this opportunity further and explore how we can shape the future of TRIPSPACE together.
